## Let's Restore Confidence in the Office of Sheriff

- ★ Reform the controversial Sheriff's Council to benefit all public safety agencies in Santa Barbara County.
- ★ Send the clear message that badges cannot be bought.
- ★ End the jail overcrowding problem now, not five years from now. Develop a less-costly alternative to the North County jail plan.
- ★ Confront the growing scourge of gangs and illegal drugs in our communities through the use of gang enforcement teams and gang injunctions.
- ★ Provide crime and drug prevention programs to young people in our schools.
- ★ Guarantee that promotions and specialized assignments within the department are based solely on merit.
- ★ Manage limited resources through increased use of civilian employees and volunteers, and greater use of new technology.
- ★ Build new partnerships with our communities, such as the Crime-Free Multi-Housing Program and re-entry programs for released prisoners.
