

## *Sidewalks*

- ☑ Repeal the revised sidewalk ordinance so that homeowners can not be sued for damage caused by the city's own policies.

## *Budget*

- ☑ Fix the current \$4.7 million budget shortfall before it depletes our reserves.

## *Pay Raises*

- ☑ End irresponsible Council spending like granting steep pay raises to top-level employees.

## *Growth*

- ☑ Improve management of the city's growth, creating jobs while ensuring traffic problems do not worsen.

## *Open Government*

- ☑ Promote open government and an end to "secret retirements" and closed sessions with developers.
